On site fitting and wiring in Europe - Euro per room: 5500 for 1 layer / 7700 for 2 layers / 9900 for 3 layers

Option for heating by INOX resistances - Euro per room 1500

RPC = rooms per container: the number of rooms that can fit a 40' sea container

RPL = rooms per lorry: the number of rooms that can fit a 13.60 m lorry

FULLY WORKING ROOMS INCLUDE:

(for each room)

- cold room panels and accessories
- sectional door
- door electric opening
- evaporator - LU-VE brand
- valves - DANFOSS brand
- electric box
- computerised ripening microprocessor controllers
- PC software and interface
- depressure box
- depressure fans
- PVC curtains and electric roller
- ethylene manifold and circuit
- automatic air renew
- heating by hot gas (or by resistances as option)
- piping connections and fixing
- R404A refrigerant and oil first charge
- 36 months ex work guaranty

ALSO INCLUDED:

(for each room cluster)

- refrigerating central unit including:
 - Frascold motorcompressors
 - oil reserve and equalisation
 - oil floating valve - AC&R like
 - computerised microprocessor controller
 - accessories
 - air condenser - LU-VE brand
 - central unit electric box
 - 15 m condenser piping
 - 60 m room main piping

(for each stand alone room)

- stand alone refrigerating unit including:
 - Frascold motorcompressors
 - computerised microprocessor controller
 - air condenser - LU-VE brand
 - stand alone unit electric board
 - 15 m condenser piping
 - 15 m room piping

NOTES:

- for full description please see the "Computerised Banana Ripening" description - doc D103Y at www.micheletti.org/download/d103y.pdf
- prices are in euro per room – exw Rome – Italy
- shipment in 6/8 working weeks
- the last column lists the number of rooms that is possible to load on a 13.60 m flatcar lorry
- the penultimate column lists the number of rooms that is possible to load on a 40' standard sea container
- the fitting and wiring column price includes: wiring materials, labour for fitting and wiring, travel, board and lodge in Europe. For installation outside Europe, please add travel, board and lodge
- different refrigerants like R22, R134A, R407A, R507 are available on request
