

NET PRICE LIST EXAMPLES – 02/2001 – DOC L901V1

+10% from 05/2006

A: Cold room 8 m³ to store meat, fish, fruits or other products up to -1° C, especially suited for shops or small supermarkets

- modular room m 2.12 x 2.12 x 2.06 h, made by 60 mm panels and accessories 977 €
- hinged door - size m 0.70 x 1.87 h 334 €
- monoblock refrigeration plant FB 13 G 971 €
- **total price** **2282 €**

B: Cold room 8 m³ to store frozen foods and ice cream or other products up to -18° C, especially suited for shops or small supermarkets

- modular room m 2.20 x 2.20 x 2.20 h, made by 100 mm panels and accessories 1405 €
- hinged door - size m 0.70 x 1.87 h 437 €
- monoblock refrigeration plant FB 13 N 1158 €
- **total price** **3000 €**

C: Cold room 55 m³ to store fruits, dairy products or other products up to +2° C

- 80 mm panels to create a m 4.60 x 4.72 x 2.50 h room 1681 €
- panel accessories 259 €
- hinged door - size m 1.00 x 2.00 h 584 €
- semi hermetic refrigeration plant - 2.0 hp R134A - air defrosting: 2423 €
- **total price** **4947 €**

D: Cold room 55 m³ to store meat, fish, fruits or other products up to -1° C

- 80 mm panels to create a m 4.60 x 4.72 x 2.50 h room 1681 €
- panel accessories 259 €
- hinged door - size m 1.00 x 2.00 h 584 €
- semi hermetic refrigeration plant - 3.0 hp R134A - electric defrosting: 2811 €
- **total price** **5335 €**

E: Cold room 200 m³ to store fruits, dairy products or other products up to +2° C

- 80 mm panels to create a m 5.86 x 11.44 x 3.00 h room 3983 €
- panel accessories 407 €
- hinged door - size m 1.20 x 2.20 h 684 €
- semi hermetic refrigeration plant - 7.5 hp R134A - air defrosting: 4401 €
- **total price** **9475 €**

F: Cold room 200 m³ to store meat, fish, fruits or other products up to -1° C

- 80 mm panels to create a m 5.86 x 11.44 x 3.00 h room 3983 €
- panel accessories 407 €
- hinged door - size m 1.20 x 2.20 h 684 €
- semi hermetic refrigeration plant - 7.5 hp R134A – electric defrosting: 4547 €
- **total price** **9621 €**

Common Descriptions

80 mm panels

- sheet data
 - material: steel
 - thickness: 0,5 mm accordingly uni 5753
 - zinc-plating: Sendzimir 200 g/ m²
 - cladding: white prepainted and galvanised
- panel polyurethane data
 - conductivity: 0,023 Watt/ °K m
 - average density: 40 Kg/ m³
 - compressive strenght: 1,4 / 1,8 Kg/ cm²
 - close cells: 95%
 - combustibility: iso 3582 - 60 mm - 60 s

Panel accessories:

External corners, rounded pvc internal corner, rounded pvc "U" ground sections, rivets, plugs, compensation valve where necessary.

Semi-hermetic refrigeration plant:

- semi-hermetic motorcompressors
- remote air condenser fitted on the unit
- shut-off valves, filter dryer
- sight glass and solenoid valve – brand danfoss
- high and low pressure controllers - brand danfoss
- evaporator, hitec model, luve - contardo brand
- electric defrosting or air defrosting
- thermostatic expansion valve - brand danfoss
- electronic thermostat – brand eliwell
- electric board
- 15 m copper piping, joints, carpaneto U-bolts, armaxflex-like insulant
- R134A refrigerant first charge and oil first charge
- 36 months ex work guaranty

Sale terms

- price in Euro ex work - Rome – Italy
- every plant is CE certified
- to turn the key you miss: labour for fitting, materials and labour for electric wiring, lighting
